

Community Council

Agenda Feb. 28th , 2023, 5:00 p.m.

Meeting in Room 30

Attendees: Karleen Johnson, Jen Merrell, Tarrin Phillpot, Julie Lundell, Kathryn Hansen

1. Welcome:
2. Review of Minutes
3. School Improvement Plan-
 - a. Report on feedback from teachers: Julie reviewed results of feedback. 1st priority is to pay for aids. Then technology. Some other suggestions: STEM as a prep, educational software, extra curricula, class reduction, additional library time. For goals, feedback showed that Acadience pathways to progress should continue to be the measure for the reading goal. For math it was not clear what should be the measure for the goal. 5th and 6th would like to continue to use MAPS. For lower grades it could be Acadience math or iReady.
 - b. Propose that aids could have added hours to do state required progress monitoring in reading.
 - c. Discuss some proposed goals: The formal proposal will be discussed at the next meeting.
4. School Business-
 - a. Re-model: Architects came and looked the building. Drafts will be proposed to the district.
5. Community Council Business: Reviewed Digital Citizenship and Technology Safety Policy

Next Meeting: March 28, 2023
